Initial Project Planning Sheet

Brief Software Plan: **(You may use point form)**

Discuss what the software is about, user's goal, genre, what will it look like and how will it be controlled.

Objectives:

For each objective below supply a name, description, owner and a difficulty rating based on that owner

Number	Objective Name	In-Software Description (What is it, where will it be used in the software): 2 – 3 points	Owner	Difficulty (1 to 10)
1		<ul style="list-style-type: none">		
2		<ul style="list-style-type: none">		
3		<ul style="list-style-type: none">		
4		<ul style="list-style-type: none">		
5		<ul style="list-style-type: none">		
6		<ul style="list-style-type: none">		
7		<ul style="list-style-type: none">		
8		<ul style="list-style-type: none">		
9		<ul style="list-style-type: none">		
10		<ul style="list-style-type: none">		
11		<ul style="list-style-type: none">		
12		<ul style="list-style-type: none">
